June 17th – 21st Sports Mania

In this theme, kids can try their hand at a variety of sports and physical activities. They might learn new sports skills, participate in team-building activities, and have fun getting active.

June 24th – June 28th Pirates and Mermaids

This theme combines the fun of pirates and mermaids, with kids learning about seafaring history and marine life. They might create their own pirate and mermaid-themed projects and participate in ocean-themed games and activities.

July 1st – July 5th Jurassic Park

This theme brings the excitement of the prehistoric world to life for kids. They can learn about dinosaurs, create their own fossil projects, and participate in Jurassic-themed activities and games.

July 8th – July 12th Wild West

This theme takes kids back in time to the days of cowboys and outlaws. They can learn about the history of the American West, participate in rodeo-themed activities, and dress up in western attire.

July 15th – July 19th Medieval Times

This theme transports kids back to the Middle Ages, where they can learn about knights, castles, and feudal society. They might participate in mock jousting tournaments and learn about medieval history and culture.

July 22nd – July 26th Music Fest

This theme allows kids to explore the world of music, from learning about different instruments to participating in a mock music festival. They might learn about famous musicians and create their own music-themed art projects.

July 29th – August 2nd Artistic Inspiration

This theme encourages kids to tap into their creativity and try their hand at various art forms. They might learn about famous artists, create their own art projects, and participate in art- themed games and activities.

August 5th – August 9th Time Travelers

This theme transports kids to different time periods, with activities and games inspired by different eras. They might learn about the history and culture of different time periods and create their own time traveler projects.
